

## Full Screen

- The Full Screen is a unique borderless fixed frame screen. The projection surface is folded over the frame of the Full Screen which creates a completely borderless projection solution.
- The specially designed system of the Full Screen ensures that 100% of the projection surface can be used for projection.
- The double frame construction enables screen tensioning on the rear of the projection screen with supplied lacing cords.
- The Full Screen is the architect's choice when interior design requires a borderless fixed frame screen.
- This projection screen is available in custom dimensions up to 10 meters wide and 6 meters high.
- The Full Screen is supplied with wall mounting brackets. Ceiling brackets are available on request.

**Installer:** IEC Strasbourg  
**Location:** Faculty for dental surgery Strasbourg, France
