

# COMPACT 99er Series

PLUG 'N' PLAY INSTALLED MICROPHONES

## AN EASY JOB

*for use in houses of worship, conference rooms and theatres*

The 99ers is a unique range of high class microphones for applications where budget, not modularity, is a major consideration. The 99er Series offers a user-friendly system that fulfills its basic functions perfectly. While an excellent price-performance ratio was achieved by focusing on essential features, no compromise was made with regard to the sound of the capsules.

All microphones are equipped with proper RF shielding to meet the high demands for electromagnetic compatibility in everyday installations. The mix of high class acoustics, RF shielding and the rugged all-metal part design makes the 99ers easy to install and absolutely reliable in use.

The 99er Series offer a high class microphone for any application at a remarkable price point.

### All Products share these features:

- **Compact solution**  
for Plug 'n' Play
- **All metal housing**  
withstands the tough requirements of everyday usage
- **Sophisticated RF shielding**  
for maximum reliability and excellent audio

## CGN99 C

CONDENSER GOOSENECK MICROPHONES

## OPEN TO THE PUBLIC

*for conference and house-of-worship applications*

The CGN99 C/S and CGN99 C/L, part of the 99ers Series, are condenser gooseneck microphones with a cardioid polar pattern. They are specially designed for inexperienced speakers who talk into the microphone from widely varying angles.

The rugged gooseneck is available in two different lengths (C/S: 30cm (12in); C/L: 50cm (20in) and ideal for fixed and mobile installations. CGN99 C/S and CGN99 C/L come with an integrated XLR phantom power adapter with 250Hz bass rolloff. The phantom power adapter connects to any standard mixer input with 9V to 52V power supply.

- **Compact solution**  
for plug and play
- **Cardioid polar pattern**  
eliminates noise from the rear
- **Two different gooseneck lengths**  
30cm (C/S) or 50cm (C/L) available

**Included accessories:** Windscreen

### Item Number:

CGN99C/Large	2965H00130	580mm/23in length
CGN99C/Small	2965H00110	380mm/15in length

# CGN99 H

CONDENSER GOOSENECK MICROPHONES

## CLOSER TO THE SOURCE

*for conference, lecture and house-of-worship applications*

The CGN99 H/S and CGN99 H/L, part of the 99ers Series, are condenser gooseneck microphones with a hypercardioid polar pattern. They are a good choice for all situations when unwanted noise arrives from the sides or where people talk into the microphone from greater distances.

The rugged gooseneck is available in two different lengths (C/S: 30cm (12in); C/L: 50cm (20in) and ideal for fixed and mobile installations. CGN99 H/S and CGN99 H/L come with an integrated XLR phantom power adapter with 250Hz bass rolloff. The phantom power adapter connects to any standard mixer input with 9V to 52V power supply.

- **Compact solution**  
for plug and play
- **Hypercardioid polar pattern**  
perfect where people talk from greater distances
- **Two different gooseneck lengths**  
30cm (C/S) or 50cm (C/L) available

**Included accessories:** Windscreen

**Item Number:**

CGN99H/Large	2965X00140	580mm/23in length
CGN99H/Small	2965X00120	580mm/23in length

# CHM99

HANGING MICROPHONE MODULE

## BLACK AND WHITE

*for use in houses of worship, conference rooms and theaters*

The CHM99, part of the 99ers Series, is a hanging microphone module with cardioid polar pattern, used to record music or speech in houses of worship, conference rooms or on theater stages. The CHM99 is available in black or white.

A 10m (33ft) special cable that is treated specially to reduce twisting to a minimum and a spring steel hanging clamp for precise microphone alignment keeps the microphone securely in its position. The attached phantom power adapter connects to any standard mixer input with 9V to 52V power supply.

- **Compact solution**  
for plug and play
- **Wide pickup angle**  
for unobtrusive pickup in difficult places
- **Twist-free cable**  
to fix and secure the designated mic position
- **Spring steel hanging clamp included**  
for quick and hassle-free installation
- **Available in black and white**  
blends perfectly into its environment

**Included accessories:** Windscreen

**Item Number:**

CHM99 Black	2965H00150	Black color
CHM99 White	2965H00160	White color

# CGN321 STS

PROFESSIONAL TABLETOP  
MICROPHONE SET

## COME CLOSER

*for conference tables, courtrooms and houses of worship*

The CGN321 STS is a heavy duty professional tabletop microphone with excellent shock absorbing properties. It features a CGN321 condenser gooseneck microphone with a cardioid polar pattern on a slim, 30 cm long gooseneck. This professional microphone is specially designed for inexperienced speakers who talk into the microphone from widely varying angles.

The tabletop microphone provides an extremely rugged switch capable of withstanding more than 25,000 switching cycles. It can be programmed for the following functions: push to talk, push to mute, push on/off and low cut on/off. A LED square clearly indicates the microphone's status. The CGN321 STS comes with a professional, gold plated 3-pin XLR audio output.

- 
- **30 cm gooseneck microphone**  
for wherever table space is limited
  - **Heavy duty metal housing**  
for excellent shock absorbing properties
  - **Programmable switch**  
for push to talk, push to mute, push on/off and low cut on/off functions
  - **LED status square**  
for clear indication of the microphone status
  - **Gold plated connector**  
for long lasting and secure contact

**Item Number:** CGN321 STS 2966H00010
