

# DAM Series

HIGH-PERFORMANCE MODULAR  
INSTALLED MICROPHONES

## PROVEN RELIABILITY

*for use in houses of worship, conference  
rooms and theatres*

The DAM (Discreet Acoustics Modular) Series is a range of high-performance installed microphones which have proven its worth for many years world-wide. It brilliantly fulfills the three key requirements that are essential for sound system applications: modularity, reliability and a low profile.

The DAM Series offers a choice of five capsule modules with different polar patterns and frequency responses. A wide range of goosenecks and special-purpose installation modules make this microphone series extremely versatile and easy to use.

The excellent response and extremely good intelligibility make the DAM Series the first choice whenever quality and reliability have top priority.

### All Products share these features:

- **Extremely rugged gooseneck construction**  
for an extra-long life of reliability and stability
- **Integrated LED ring indicator**  
for full control of the system status
- **Switchable bass roll off**  
for reduction of body noise and proximity effect
- **Highly reliable contacts for capsule modules**  
prevent contact problems and ensure extra-long life
- **Broad assortment of mounting accessories available**  
for quick and hassle-free installation

## CK33

HIGH-PERFORMANCE  
CONDENSER CAPSULE

## FULL FOCUS

*for use in conference and house-of-worship applications*

The CK33 is a high-performance hypercardioid condenser capsule and a good choice in situations when noise comes from the sides or people talk into the microphone from greater distances.

The CK33 capsule is integrated into a rugged metal housing and fits any mounting module of the DAM Series. To prevent contact problems, the capsule is equipped with large-area, self-cleaning, gold-plated contacts with deep threads to prevent misalignment and ensure extra-long life. The package includes a special two-part windscreen, which reduces wind and pop noise.

- **Highly efficient 2-in-1 windscreen**  
reduces wind and pop noise
- **Wide frequency range**  
for a speech-optimized audio performance
- **Hypercardioid polar pattern**  
eliminates noise from the sides
- **95° pickup angle**  
perfect when people talk from greater distances
- **Highly reliable capsule contacts**  
prevent contact problems and ensure extra-long life

**Included accessories:** W30 Windscreen

**Item Number:** CK33 2765X00220
