WIRELESS MICROPHONE SYSTEM

## SMALL SIZE - BIG SOUND

*for houses of worship, hotels, gyms  
and band applications*

The WMS40 Mini wireless microphone system provides crystal clear sound and is a true plug'n`play solution. "Up and running" in a second, it is the optimum wireless solution for small stages, clubs, places of worship, hotels, and gyms. The system is available in different application optimized set packages, all of which includes a universal, switched mode power supply for worldwide operation.

The WMS40 Mini system stands out for its extremely long battery life of 30 hours with a single AA battery which helps saving money in the long run.

### All Products share these features:

- **Crystal clear sound**  
best audio quality for powerful performances
- **"Up and running" in a second**  
plug and play solution for easy setup
- **30 hours of operation from a single AA size battery**  
saves money in day-to-day use
- **Switched mode power supply**  
universal connector kit for worldwide use

## SR40 MINI

WIRELESS STATIONARY RECEIVER

The SR40 Mini and SR40 Mini DUAL stationary receivers provide crystal clear audio quality for powerful performances. They feature three status LEDs indicating on/off status, received signal strength (RF OK) and audio clipping (AF CLIP). The receivers provide a volume control potentiometer and a noiseless on/off switch to protect the connected speakers. The SR 40 Mini DUAL integrates two separate wireless receivers in one compact housing.

The SR40 Mini features one, the SR40 Mini DUAL two balanced outputs via 1/4" jack connector. The supplied switched mode power supply operates on any AC voltage from 110 to 240VAC and includes EU, UK, and US adapters.

- **Crystal clear sound**  
For best audio quality
- **"Up and running" in a second**  
plug and play solution for easy setup
- **Switched mode power supply**  
universal connector kit for worldwide use
- **Ultra compact metal housing**  
Rugged and lightweight
- **Available as single or dual receiver**

**Included accessories:** PSU12V 500mA EU/US/UK Power supply

# HT40 MINI

## WIRELESS HANDHELD TRANSMITTER

The HT40 Mini is a wireless handheld transmitter with a dynamic microphone capsule designed for stressless work in houses of worship, in clubs and on small stages. Its cardioid polar pattern ensures maximum gain before feedback and the unique HDAP (High Definition Audio Performance) technology delivers brilliant sound. The rugged transmitter features an on/off/mute switch and a sturdy wire-mesh cap to protect the microphone element.

The HT40 Mini system's stand-out feature is its extremely long battery life of 30 hours off a single AA battery. It represents ultimate ease of use at an unbeatable price-performance ratio.

- **High Definition Audio Performance technology**  
for crystal clear audio quality
- **Cardioid polar pattern**  
for trouble-free use on narrow stages
- **Robust spring steel grille**  
extreme ruggedness for long stage life
- **Noiseless on/off/mute switch**  
to protect the connected speakers
- **Unbelievable 30 hours of working time with one AA battery**  
saves money in day-to-day use

**Included accessories:** Stand adapter, 1 x AA Battery

# PT40 MINI

## WIRELESS BODY-PACK TRANSMITTER

The PT40 Mini is a wireless body-pack transmitter in a small, rugged housing, perfect for houses of worship, clubs, small stages and gyms. A professional mini XLR audio connector makes the body-pack compatible with all kinds of guitars, basses, instrumental pickups and headsets.

The PT40 Mini provides a gain control for perfect adjustment of the input volume and a noiseless on/off/mute switch. Its stand-out feature is its long battery life of 30 hours on a single AA battery. It represents ultimate ease of use at an unbeatable price/performance ratio.

- **Unbelievable 30 hours life with a single AA battery**  
lowest operating cost in its class
- **Professional three-pin mini XLR connector**  
compatible with guitar cables, headset- and instrument mics
- **Gain control on transmitter**  
for immediate volume adjustment
- **Noiseless on/off/mute switch**  
to protect the connected speakers
- **Compact and rugged body-pack design**  
for maximum wearing comfort

**Included accessories:** MKG L Instrument cable, BC400 Belt clip, 1 x AA Battery
