

DCN multimedia Name Card Holder (25pcs)

www.boschsecurity.com

BOSCH
Invented for life

- ▶ Easily positioned and removed by use of magnets
- ▶ Allows you to add your own custom made text

The Name Card Holder is attached to the rear side of the DCN multimedia Multimedia Device (DCNM-MMD). Two magnets on the top of the card allow it to be easily positioned and removed. A custom made paper card can be easily slid into the name card holder.

Functions

A custom made paper card can be easily slid into the name card holder.

Examples of the paper card description are:

- The participant's name and photo.
- Your company name.
- Name of conference.
