

KOMTECH

# Basic Series

Motorized connector panels

## Motor-driven Desk Connector Panels

Motor-driven desk connector panels of KOMTECH simplify the use of media technology in your conference room. Unused the connector panel is still a piece of table surface. By pushing a button it turns into an individual connector field for modern equipment.

### The Basic-Series

offers, like all KOMTECH connector panels, the usual top manufacturing in tested quality. The user-friendly system is easy to understand for employees and visitors.

### Flexible & Individual

Both available sizes of the Basic Series are flexible mountable with AV-, power and data interfaces - according to your individual requirements. Various details of the connector panel could be matched in required colours. (More information on page 6.)

### Operation & Using

By pushing the green arrow, the connector panel turns from the rest position to the table surface. Integrated sensors detect the using and prevents the unwanted closing. If all connectors have been removed, the connector panel could turn back into rest position via pushing the red arrow. Now it locks to a flat surface.

### Comfortable

Is the connector panel unused for a while it closed automatically. So it creates an organised appearance in conference rooms.

### Motorized desk connector panel 2/6 - Basic Series -

- 2x 230V / 5 free module places
- Colour: black

Chancing of modules only possible in our company!**

**Modules**

**Double module VGA & Audio**

- Basic Series -

- VGA female
- 3,5mm stereo jack female
- Needs 2 module places
- Outgoing cable (on plug) 3m

Type	Item No.
AF-LBM Doppelmodule VGA & Audio - Basic Series -	06007020

**Module HDMI**

- Basic Series -

- HDMI female
- Outgoing cable (on plug) 3m

Type	Item No.
AF-LBM Module HDMI - Basic Series -	06007021

**Module LAN/RJ45 CAT5e**

- Basic Series -

- RJ45 female
- Outgoing cable (on plug) 3m

Type	Item No.
AF-LBM Module LAN/RJ45 CAT5e - Basic Series -	06007022

**Module USB**

- Basic Series -

- USB female (USB-A 2.0)
- Outgoing cable (on plug) 3m

Type	Item No.
AF-LBM Module USB - Basic Series -	06007023

**Module Audio**

- Basic Series -

- 2x RCA (Cinch) female (red/white)
- Outgoing cable (on 2x RCA plug) 3m

Type	Item No.
AF-LBM Module Audio - Basic Series -	06007024

**Modules**

**Module AV**

- Basic Series -

- 2x RCA (Cinch) female (yellow/black)
- Outgoing cable (on 2x RCA plug) 3m

Type	Item No.
AF-LBM Module AV (Audio&Video) - Basic Series -	06007025

**Module Microphone**

- Basic Series -

- 1x 3pin XLR female
- Outgoing cable (on plug) 3m

Type	Item No.
AF-LBM Module Micro - Basic Series -	06007026

**Special options**

**Country-specific power socket**

- Basic Series -  
(additional charge per socket)

Available:

- Type UK
- Type France
- Universal (not allowed in Europe)

Type	Item No.
AF-LBM Module power socket, country-specific - Basic Series -	on request

**Powder-coated in special colours**

- Basic Series -

- **It is possible to paint the aluminium parts in the colour of your choice.**
