1. CLASSROOM RESPONSE SYSTEM
Voting systems for Primary, Secondary and Tertiary education.

2. PRESENTER TABLET
For controlling and annotating inside your presentation.

3. VISUALIZER
Project documents or objects on the screen clearly.

4. DYNAMIC SOFTWARE
Empowers you to teach in an interactive way.

WHAT QWIZDOM CAN DO FOR YOU?

ENGAGE AND MOTIVATE

Remove the difficulties of keeping your learners interested. Qwizdom technology is designed to encourage total class participation.

CONTROL AND DISPLAY CONTENT FROM ANYWHERE IN THE CLASSROOM

Use Qwizdom's unique presenter tablet or teacher remote to control the pace of the lesson. Display objects, documents or experiments live to the classroom with Qwizdom's visualizer.

INVOLVE RELUCTANT PARTICIPANTS

Qwizdom's Student Response System provides can create a lively and enjoyable atmosphere capturing the attention of even the most reluctant learners.

TRACK PERFORMANCE AND MEASURE SUCCESS

View class feedback and monitor knowledge and understanding. Display and record the responses of your learners using various graph formats. Qwizdom's extensive reporting facility will allow you to seamlessly export your class feedback for post lesson analysis and evaluation.

OBTAINING HONEST FEEDBACK

Your learners are more likely to provide more truthful answers as they are able to retain their anonymity. The teacher also has the option of using the system with a named class which will link responses to each individual.

SAVE TIME

Qwizdom eradicates valuable time normally spent on marking, interpreting and manually collating responses to questions. Pre-made lessons and assessment software helps save time creating curriculum content.

WHAT IS THE QWIZDOM CLASSROOM RESPONSE SYSTEM?

The Qwizdom Classroom Response System is an interactive solution designed to engage all the learners within a classroom. More than just a voting system, Qwizdom provides the teacher with a dynamic teaching tool that makes 'Assessment for Learning' achievable. Seamless integration with Microsoft PowerPoint and Keynote makes presenting and preparing lessons simple. Qwizdom's Classroom Response System is the only system designed to provide the teacher and learners with hand-held, discreet feedback..

A SIMPLE CONCEPT

Each learner is given a small, ergonomic Radio Frequency remote to communicate with the teacher throughout the lesson. The teacher then poses questions either verbally or on screen, with the class responding via remotes. Responses are instantly sent to the teacher's computer and recorded immediately allowing him/her to easily manage and control the format and speed of their lesson.

With instant feedback, teachers can immediately monitor the level of participation and view class responses. This proves invaluable, eradicating the task of manually marking, as all class feedback is available in spreadsheet format at the simple touch of a button.

THE TEACHER HANDSET

- LCD SCREEN FOR INSTANT DATA RECALL
- EASY TO USE NAVIGATION SYSTEM
- DISCREETLY IDENTIFY STUDENTS REQUESTING HELP
- KEYPAD ENABLES WIRELESS NAVIGATION OF LESSONS
- ABILITY TO POSE RANDOM QUESTIONS

QWIZDOM Q2

Robust, lightweight, affordable and simple to use with revolutionary new screen display, the Q2 makes an ideal solution for Primary schools or large groups.

QWIZDOM Q4

With an alpha numeric keypad and large LCD display screen, the Q4 is capable of answering a wide range of question types.

QWIZDOM Q5

Rechargeable with the additional capability of text input make the Q5 the most complete solution for your classroom.

Q7 PRESENTER TABLET

NEW

A FULL FEATURED TABLET AND PRESENTER SOLUTION ALL-IN-ONE!

Qwizdom's new wireless tablet combines advanced RF technology, presenter controls, and response system interactivity to help teachers and learners connect and collaborate in completely new ways.

Its sleek, modern design allows teachers to draw, annotate, and control computer applications without being connected to a computer. Additionally, presenters can view notes, presentation indicators, and input from participants on the tablet's LCD screen.

SPECS:

- Overall dimensions 7.7" x 10.6" x 1".
- Based on 802.15.4 Radio Frequency Standard (2.4 GHz).
- Rechargeable tablet and pen with left and right click mouse options.
- Small USB receiver that can be stored in the tablet when not in use.
- 4,000 Lines of resolution.
- Graphic LCD screen with backlight.
- Less than 1.5 lbs makes this device compact and easy to carry around.
- LCD provides feedback on current tool selection, battery life, and network status.
- Can be used with the Qwizdom Classroom Response System or stand alone.

QWIZDOM VISUALIZER

NEW

WHAT IS THE QWIZDOM VISUALIZER?

The Qwizdom Visualizer is a powerful teaching tool that can be used to enhance the learning experience in the classroom.

Imagine instantly displaying an experiment, document, text book or 3D object to your classroom, making it visible for all to see. Zoom in with automatic focus to get a closer view of your object. Save and store images/video for later review or reference. Annotate and draw directly within your video.

Control all aspects of the visualizer with the IR remote control or with the intuitive on device display.

SPECS:

- 12x Optical Zoom
- 10x Digital Zoom
- Store and Save Images on Device
- Video Capture/ Image Capture Software
- Annotation
- Split Screen
- Positive/Negative
- Auto Focus
- 850,000 pixels \geq 650 TV Line
- Light Box
- Image Freeze
- Volume Control
- Remote Control

Qwizdom[®] Actionpoint

NOW INCLUDES:

- INTERACTIVE LEARNING GAMES
- DYNAMIC DISPLAY GRAPHS
- DEMOGRAPHIC TRACKING

"Qwizdom Actionpoint gives instructors and presenters the ability to combine their favourite Keynote[®] and PowerPoint[®] presentation with interactivity and instant feedback of Qwizdom's Classroom Response System."

Anne Moore
Bangor Academy

Qwizdom's Actionpoint software seamlessly integrates Qwizdom's Audience Response System with Microsoft PowerPoint and Keynote, helping make interactive presentations in seconds.

Capture your audience's responses then utilise the strength of Actionpoint's reporting features directly in Microsoft Excel. The simple to use plug-in for PowerPoint includes features such as demographic polling, participant management and interactive games to allow you to get more from your presentation.

MAIN FEATURES:

- As a PowerPoint[®] add-in, Actionpoint allows teachers to create interactive presentations, or amend existing PowerPoint presentations, for use with the Qwizdom Classroom Response System. Up to 10 different question types may be used in each presentation.
- Answer Key gives teachers the ability to use the Qwizdom Classroom Response System with paper-based materials. Each student can work through questions at their own pace, with each response recorded automatically.
- Reporting Wizard allows teachers to generate reports using any saved results. The results can be presented in a variety of formats, allowing the teacher to view individual, group or whole class answers and scores.
- Participant Manager allows teachers to create or import class lists for use with all Actionpoint presentation formats. This allows individual responses to be tracked and an on-going progress report to be compiled for each student.

Analyse each response by group or demographic in real time using new and improved display options.

Testimonials

SHANE CAREY IS THE DIRECTOR OF ICT AND HEAD OF FACULTY FOR ICT AND MATHS AT WOODSIDE GREEN HIGH SCHOOL.

SHANE COMMENTS:

"FOR OUR STUDENTS TO GET THE MOST OUT OF THEIR LESSONS, THEY MUST ENJOY THE LEARNING PROCESS. USING TECHNOLOGY LIKE QWIZDOM'S CLASSROOM RESPONSE SYSTEM, STAFFS ARE ABLE TO REALLY ENGAGE AND CONNECT WITH OUR YOUNG PEOPLE."

"...THE VOTING SYSTEM IS A GREAT TOOL FOR GETTING THE WHOLE CLASS INVOLVED. EVEN MY QUIETER PUPILS ARE ABLE TO JOIN IN AND WE'VE HAD MANY AN ENTERTAINING CLASS DISCUSSION AFTER THE RESULTS HAVE BEEN FLASHED UP ON THE WHITE BOARD."

"THE VOTING KITS PROVIDED BY QWIZDOM PROVIDED A POWERFUL AID TO LEARNING BY GETTING A GROUP OF LEARNERS NOT USED TO USING TECHNOLOGY, REALLY ENGAGED. IT REALLY MADE A DIFFERENCE TO THE QUALITY OF MY TEACHING AND THE ACHIEVEMENT OF THE LEARNERS."

BOB HARRISON, CONSULTANT NCSL, CONSULTANT DCSF STANDARDS UNIT

"THE FEEDBACK FROM SCHOOLS IS THAT THEY CAN NOW GET GENUINE INTERACTIVITY AND INSTANT FEEDBACK ON STUDENT PROGRESS. THE DEVELOPMENT OF THESE SYSTEMS INTO USING RADIO FREQUENCIES FURTHER ENHANCES THE OPPORTUNITIES FOR USAGE."

PAUL HYNES FROM THE SPECIALIST SCHOOLS TRUST

"THE BENEFITS IN USING THIS SYSTEM ARE THE ENTHUSIASM OF THE PUPILS, NO MARKING, INSTANT FEEDBACK AND BEING ABLE TO MONITOR AND TRACK PROGRESS. THERE IS NO DOUBT THAT USING QWIZDOM HAS MADE TEACHING MORE ENJOYABLE FOR ME AND IT HAS INCREASED THE PUPILS' DESIRE TO LEARN."
